ABOUT CFIE

NIRD&PR has an exclusive Centre for Financial Inclusion & Entrepreneurship (CFIE) to impart training, research and consultancy services in the areas of banking and rural credit. The erstwhile name of CFIE is Centre for Rural Credit & Development Banking (CRCDB). The unique feature of the centre is its faculty are experienced bankers and practitioners in the industry. As banks play a crucial role in rural development, NIRD&PR has been associated with several banks in providing quality training to rural credit officers. CFIE conducts training programmes, organizes workshops and conferences on broad themes such as micro-finance, financial inclusion, agricultural & rural credit, opportunities & challenges in MSME sector, monitoring & follow up of priority sector lending, management of stressed assets, etc.

ABOUT THE PROGRAMME

Though there has been a tremendous growth in crop loans, the investment credit in the form of term lending is growing at a snail's pace almost in every bank in India. Lack of appraisal skills on the part of field officers is found to be one of the main reasons for such poor performance. As a result, there is no capital formation in the agricultural sector and the farmers' distress is a common phenomenon across the country. To address this gap, the training programme is designed so as to equip the rural credit officers with technical skills, knowledge and approach to appraise the investment credit proposals in a professional manner. Also, the training programme focuses on pre- and post-sanction follow up and monitoring of rural finance apart from management of stressed assets, etc. Field visit will also be arranged for the participants.

OBJECTIVES OF THE PROGRAMME

- ❖ To enhance the appraisal skills of the field officers/credit analysts/rural bankers
- ❖ To help the banks to increase the investment credit portfolio in agriculture & allied sectors including MSME segments
- ❖ To focus on pre- and post-sanction follow up and monitoring of rural credit portfolio, and management of stressed assets

OUTCOME OF THE PROGRAMME

At the end of the training programme, the participants will gain adequate knowledge on managerial, marketing, technical and financial aspects of rural credit proposals. They will be able to appraise investment credit proposals in agriculture & allied sectors, and MSME segments confidently. The officers will also become better supervisors of their loan portfolio. Standard reading material will be supplied to each participant for ready reference.

CONTENT OF THE PROGRAMME

The programme will provide analytical orientation on rural credit and business opportunities along with challenges faced by the banks. The course covers Poultry, Dairy, Green House, Micro Minor Irrigation, contract farming, FPOs, SHG Bank Linkage, MSME financing, and management of stressed assets, etc.

RESOURCE PERSONS

CFIE has three experienced in-house faculty with long experience in the rural credit sector. Besides, the centre has several subject matter specialists/practitioners in rural credit and management of stressed assets.

TRAINING FEE

Training fee of Rs.2500/- per day per participant is payable excluding GST of 18%. The fee can be remitted to the bank account as given below:
